List of Stakeholders Consulted

KEY ACTION 9: CARBON CAPTURE AND STORAGE (CCS) AND CARBON CAPTURE AND USE (CCU)

- European Technology and Innovation Platform 'Zero Emissions Platform' (ETIP ZEP)
- European Technology Platform on Sustainable Chemistry
- European Energy Research Alliance (EERA) Joint Programme on CCS
- EERA Joint Programme on Advanced Materials and Processes for Energy Application
- European Cement Association, European Steel Technology Platform
- European Steel Association
- EUTurbines
- European Power Plant Suppliers Association
- European Turbine Network
- EURELECTRIC
- Sustainable Process Industry through Resource and Energy Efficiency Association (A.SPIRE)
- European Chemical Industry Council (CEFIC)
- Energy Materials Industrial Research Initiative (EMIRI)
- EURACOAL
- International Association of Oil and Gas Producers
- European Cement Research Academy
- ENeRG
- CO_2GeoNet
- Research Council of Norway
- British Research Council
- British Geological Survey
- European Platform of Universities in Energy Research and Education
- Lodz University of Technology
- CO_2Chem Network
- UK Centre for Carbon Dioxide Utilisation
- SCOT Project
- Global CCS Institute
